BEAN ME UP™

A new generation in coffee grinding.....

The future belongs to manual coffee grinding. BEAN ME UP™ offers an effortless way to an uncompromised flavor and irresistible freshness.

Grinding beans right before brewing your coffee makes all the difference in taste and freshness. finum®'s new generation of manual coffee grinders makes the grinding process easy and smooth.

These are some of the key advantages over other grinders in the market:

- Ergonomic design for an easy & smooth grinding
- 3-5 faster grinding compared to other manual grinders
- Easy to operate – Easy to clean
- Continuous adjustable coarseness of grinding – from fine to coarse
- The highly durable ceramic parts are easy to dismantle - no metal taste
- Uniform granular size
- No plug – No cable

BEAN ME UP™ has a feeder capacity of approx. 30gr / 1oz good for three cups or 0.5 liter (17 fl oz) of delicious coffee with an authentic fresh flavor.
